

## **NAPIA Certification**

### **Why it Matters to Us**

### **Why it is Critically Important to You**

---

With the monumental task that lies ahead, you cannot afford to cut corners. The Public Insurance Adjuster you choose should not only have superior credentials, education and experience, but a stringent code of ethics as well. How do you know you are hiring the best? By making sure your adjuster belongs to NAPIA, the National Association of Public Insurance Adjusters.

Andrew K. Knox and Company has been a member of NAPIA since 1962. Moreover, we are intimately involved in the direction of the Association. Company President Leslie L. Knox serves on the executive board of NAPIA and has been awarded NAPIA's most prestigious designation: Senior Professional Public Adjuster (SPPA).

In fact, every adjuster on staff at Andrew K. Knox and Company is a fulltime, degreed, professional experienced in a number of key areas, including contracting, estimating, insurance and economics. We have more certified public adjusters (SPPAs) on staff than any other public adjustment firm in New Jersey.

Not every public insurance adjuster qualifies to become one of NAPIA's Senior Professional Public Adjusters. Members must meet specific experience and educational requirements, pass a rigorous exam and peer review, and subscribe to a strict code of ethics for business and professional conduct. At Andrew K. Knox and Company, we work diligently to maintain professionalism by providing continuing education for all our Certified Public Adjusters and staff.

We are honored to be part of this prestigious national organization and proud to employ the largest staff of Certified Adjusters in New Jersey.
